

# Village Concierge

**YOUR PERSONAL STRATTON ASSISTANT**

**I**n today's fast-paced society, domestic assistance has become more of a necessity, than a luxury. Our calendars are bursting with work commitments, personal affairs, family obligations and unending lists of chores and household responsibilities, leaving negligible essential "me time", needed to focus and refresh.

**W**ith respect to your personal wishes, wants, and needs, we created our timesaving service solutions. To achieve a more balanced life, you no longer need to work harder, run faster, and "cram" more into your hectic day at Stratton. We will partner with you, to provide you the invaluable commodity of time that you deserve, so you can achieve and sustain a healthier and happier Stratton Life. As we say...  
"Go Play. Leave the Work to US!"™
